SoftEther VPN Command Line Management Utility (vpncmd command)
```

By using vpncmd program, the following can be achieved.

1. Management of VPN Server or VPN Bridge
2. Management of VPN Client
3. Use of VPN Tools (certificate creation and communication speed measurement)

Select 1, 2 or 3: 3

VPN Tools was launched. By inputting HELP, you can view a list of the commands that can be used.

```
VPN Tools>check
```

```
Check command - Check if SoftEther VPN Operation is Possible
```

```
-----
SoftEther VPN Operation Environment Check Tool
```

If this operation environment check tool is run on a system and that system meets the requirements, it is highly likely that SoftEther VPN software can operate on that system. This check may take a while. Please wait...
